Sell your data today with Amphora

LIST >>> SELL >>> GET PAID

Create a data
container and
list on Amphora
Data in 30
seconds

Your data can
be bought
instantly by
users around
the globe

Get paid within 24 hours
of your data being sold*

*Depending on country and presuming payments set up

We have helped Yellowstone National Park share their data

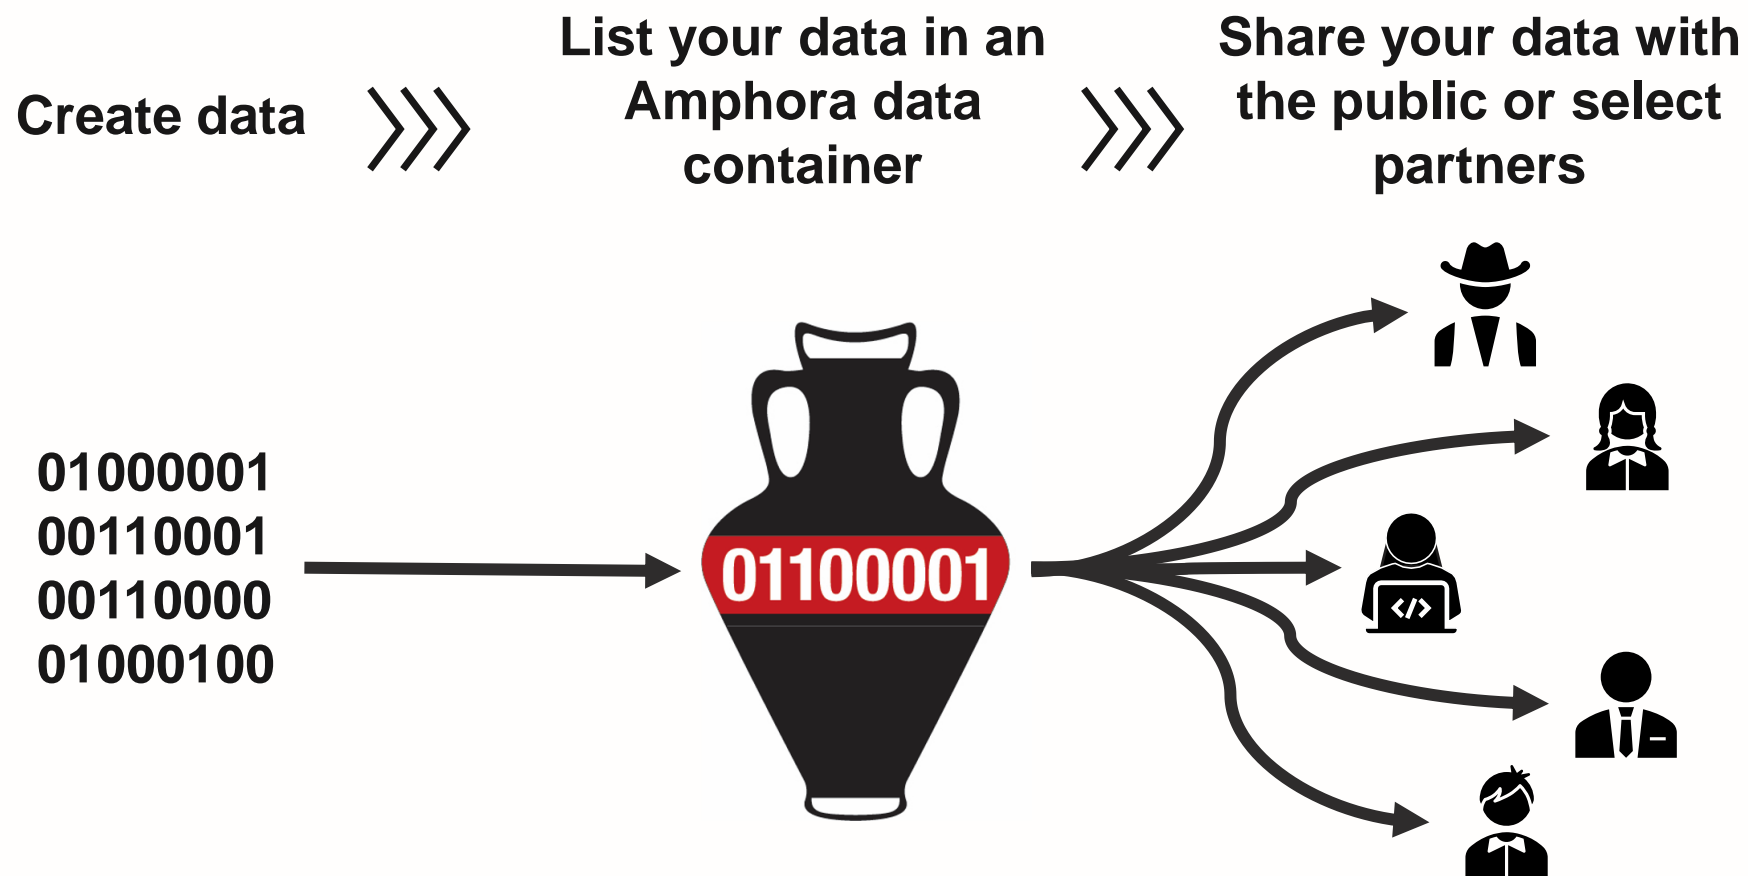

Yellowstone Ecological Research Centre uses Amphora Data to showcase data from the world-famous Yellowstone National Park.

This includes animal tracking and river flow data.

Using Amphora Data saves precious resources for the Yellowstone team so they can do more research in the wild.

We use Data Containerisation to enable you to share your data with the world

We don't have subscriptions fees and only charge a transaction fee when you sell data

Free Data

We don't charge you to share or sell data for free

<\$1000 per month

We charge 20% on transactions if you sell less than \$1000 of data per month

>\$1000 per month

We charge 10% on transactions if you sell more than \$1000 of data per month

Try out Amphora for free or contact our customer success team for more info.
